Custom Pump Packages

Progressive Cavity,
Diaphragm Metering
Peristaltic & Hose, Rotary Lobe
Gear & Centrifugal,
Controls & Instrumentation

KGO Group Ltd.
www.kgogroup.com

Liquid & Dry Processing Systems

Polymers, Clays, Minerals, Starch

Full Range of Sizes, Standard & Custom Designs,
Certified Control Panels

Exceptional Documentation Manuals & Drawings

KGO Group Ltd.

Metering Pump Systems

Packaged Pump & Instrument Panels

Variety of Solenoid, Motor Drive, & Peristaltic Pump
configurations with optional controls, robust construction
& safety built into each system: applications for water
treatment, boiler & cooling tower, feed & bleed

TripKO
Pumps & Systems
"Built to Last"

Metering Pumps - Diaphragm & Packed Plunger

TripKO metering and dosing pumps are the ideal choice for
industrial and municipal applications. These versatile pumps are
designed for a variety of water treatment chemicals, reagents,
acids, caustics, polymers, and slurries. Flow rates up to 1008
Liters/hr (266 GPH), Pressures 10 Bar (150 PSI)

OBL Metering Pumps

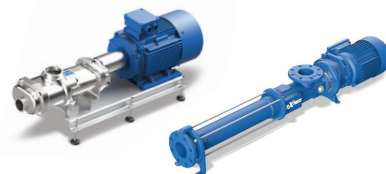

"Affordable World Class Quality"

Extremely Robust - High Accuracy - API 675 Standards
Mechanical, Hydraulic Diaphragm, & Plunger Pump Designs
Ranges ml/min - 11400 lph (3000gph) - Pressures to 6000 psi

Wangen Progressive Cavity Pumps

Flow Rates - ml's/min - 56,000 l/hr (250 gpm)
up to 720 psi, Twin Screw pump range up to
440 gpm and 362 psi, Wide range of materials
& process applications

Fluimac PHOENIX AODD Pumps

Highly Engineered Designs, wide range of
construction materials,
FDA Compliant
sizes range from 1/4" - 3" connections
Flows from 7 lpm to 1000 lpm

KGO Group Ltd.

Typhoon HydraMix Mixing & Conveying System

*Provides Superior Mixing of Powders & Liquids,
Excellent Conveying Capacity*

Flow Range Up to 1000 L/m. Powder Mixing up to
50kg/min. — Custom units available on request

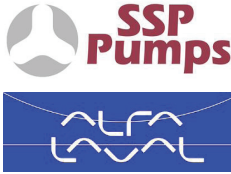

*Chemical Process,
Pump & Systems
Specialists*

SSP - Alfa Laval Rotary Lobe Metering & Transfer Pumps

Flow Rates up to 680 m³/hr.- (3000 GPM)
Pressures up to 20 Bar- (296 PSI)
Low Shear - Robust Design Easy Maintenance

VERDERFLEX® Peristaltic Pumping Solutions For Liquid Handling

VERDERFLEX® peristaltic hose pumps and tube pumps are the ideal solution for pumping liquids and dosing chemicals. Our largest peristaltic hose pump can pump 90m³/hour or 390 US GPM at pressures up to 16 Bar or 230 PSI

Fluimac Centrifugal & MAG Drive Pumps

Centrifugal pump flows up to 40 m³/h
MAG Drive pump flows up to 45m³/h
Centrifugal, Direct & Long Coupled
Configuration & Magnetic Driven

TripKO Pumps & Systems "Built to Last"

Portable & Large Mixers & Agitators

Water & Waste Water - Pulp & Paper - Food & Beverage - Pharmaceutical Biotechnology
Chemical Processing
Portables, Top Entry & Side Entry Designs

Plas-Tanks Industries Inc.

ISO 9000 - RTP 1 Registered

Custom-built Corrosion Resistant Fiberglass Reinforced Plastic (F.R.P.)

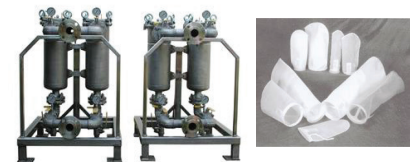

Tanks - Vessels, & Scrubbers
Bryneer - Bulk Salt Storage & Brine Makers

KGO Group Ltd. www.kgogroup.com

Bag Filter & Strainer Systems Replacement Bags & Cartridges

Water - Process Fluids - Chemicals
Packaged Components including fitted piping systems, valves, gauges
Custom units available

Rental Equipment Available

Small volume liquid and dry polymer systems
- Progressive Cavity Pump Systems - Bag Filters & Systems
